

February 1, 1973

their motion just for the sake of oratory and no purpose.

SPEAKER: Alright, then the Chair would rule that there is still before us, I believe Senator Carpenter your motion for unanimous consent to withdraw your motion, etc., is now lost and we still have before us at this particular motion then, to, your second motion, and, I would feel that we closed debate on it, there were still four people who wanted to visit about the motion, I suppose we could go ahead and carry on the debate on it. The Chair would next recognize Senator Hasebrook.

SENATOR CARPENTER: Well now there is another method, just a second, I move the question.

SPEAKER: The question is moved then.

SENATOR CARPENTER: Now let me say to Senator Cavanaugh if he is tired, we have a lounge which he can retire to and stay as long as he wants to and I don't presume anybody will miss him.

SPEAKER: Alright, the Clerk will read the motion.

CLERK: I move to direct the Executive Board be directed to use it's discussion, it's discretion, to carry out the responsibility to provide for the needs of the legislature and it's staff and that when the Executive Board by a majority vote authorize and direct the Chairman to pursue some action that this body stand behind that action.

SPEAKER: Properly we should vote on that motion at this time, there are situations which are not covered under the rules in this particular situation, we've closed the debate on this, I don't see how any more questions or how any more debate could be allowed, you've already indicated your wishes that that be done, therefore we will vote on this issue at this time. All those in favor of the motion by Senator Carpenter will vote aye, all those opposed will vote no, on the motion that the Clerk read, that is correct.

SENATOR CARPENTER: (inaudible) so that they will all understand what they vote, I haven't no objections.

SPEAKER: You're voting on this motion that the clerk is now going to read.

CLERK: Mr. President I move to direct that the Executive Board be directed to use it's discretion to carry out it's responsibilities to provide for the needs of the legislature and it's staff and that when the Executive Board by a majority vote authorize and direct the Chairman to pursue some action, that this body stand behind that action.

SPEAKER: That is the motion on which you are voting. The Chair would rule that it would take 25 votes to bind this body in the action. Therefore it will take 25 votes to adopt the motion. Have you all voted? Once again the Chair would ask have you all voted? The Clerk will record the votes.

CLERK: 27 ayes, 6 nays, 16 not voting Mr. President.

SPEAKER: The motion is adopted. Are there any other motions on the desk?

CLERK: Yes. Motion read. I don't think you want that now do you? Rules Committee Motion read.

SPEAKER: The Chair recognizes Senator Warner.
